## County Committee Recommend Rowan Saufley-Judge Hardin Says He Will Call A New Deal

Interest in the race for Master Commissioner of the Lincoln Circuit Court continued at fever heat Monday, and much speculation was in-dulged in as to who will receive the appointment.

A meeting of the Lincoln county Democratic Committee was called by Chairman George L. Penny for Monday, and seven of the 12 members of the committee signed a recommendation of Rowan Saufley for the place. The other five were in favor of H. J. McRoberts or of not interfering with the right of Judge Har din to oppoint whosoever hhe chose, so they said.

Judge Hardin came over from Danville in the afternoon, and accepted the action of the committee as a recommendation, which he said had been his purpose from the first in having committee action. It developed however that Rowan Saufley and his friends had understood him to tell them that he would appoint the man the committee reconmended, but Judge Hardin stated that such had not been his intention.

Considerable feeling seems to have been engendered over the matter, and just before he left for Harrodsburg, Judge Hardin stated that he would appoint the man he pleased, without influence of any kind, and that matters had come to a point in the campaign for the office. that he intended to wipe the slate off and begin a new deal. It was suggested about town that as a result of the point to which the fight for the place had come That Judge Hardin might select some outsider who was not an applicant for the office, as a compromise and thus prevent any further feeling on the part of any of the candidates. The friends of Mr. Saufley were very insistent that since he secured the but are "sitting steady inthe boat."

The recommendation, signed by seven members of the committee in favor of Rowan Sanfley, was as

To, Hon. Chas. A Hardin, Judge L. C. C. We the undersigned members of the Democratic Executive Committee of Lincoln County hereby recommend the appointment of H. R. Saufley to the office of Master Commissioner of the Lincoln Circuit Court upon the grounds of fidelity to the Democratic party, service to said party and regularity in all actions. We trust that you can see your way clear to make this appointment. Respectfully submitted

## NEWLAND-EADS

#### Popular Young Couple Are Quietly Wedded Monday Afternoon.

One of the most popular young couples of Lincoln county, Kate Newland and Mr. Alfred Eads, surprised their many friends by quietly repairing to the Baptist parsonage late Monday afternoon, where they were united in marriage by Rev. J. B. Jones. Immediately afterward they left via auto for Harrodsburg and other points for a short trip, after which they will return here to make their home.

Mr. Eads is one of the best known young farmers of Lincoln county being a son of Mr. and Mrs. J. D. Eads. He stands high with every one and has the confidence and esteem of all. He is to be most heartily congratulated upon winning such a charming helpmeet. His bride is a daughter of Mr. and Mrs. T. D. Newland, and is one of the most attractive young girls in Lincoln county, being as beautiful in mind and heart as she is lovely in face and figure. "Viewed from any standpoint the recent Democratic victory was a great personal and political triumph for ex-Gov. J. C. W. His support of Senator McCreary made success possible. With one master stroke he united the two dominant factions in the State and having thus healed the dissention that formerly ended in defeat, he brought about a unity and harmony and inspired the rank and file and wrecked the enemy before their numbers and enthusiasm.

Walter Carson, the young Hustonville rural route carrier, who shot Cochran over in Casey county while delivering his mail one day last summer, was given a life sentence in the penitentiary by a jury in the Circuit court at Liberty late Saturday. The whole week had been consumed with the trial of this case, and it attracted much attention by reason of the prominence of the young man charged with the crime, and the circumstances attending it.

It is said that the case will be immediately appealed to the Court of Appeals on a number of alleged errors and becouse of the refusal of the lower court to grant a change of . venue to another county, where he | feeling would not be so strong against Carson, his victim having been a Casey county man.

### Paid By Kincaid For Tobacco He Says is Mighty Fine.

What W. P. Kincaid says is the finest crop of tobacco he has seen in years, was sold by W. D. Williams and Jordan Middleton to him last week. It was of splendid color and the silkiest of texture and Mr. Kincaid paid them 12 cents a pound for it, which is the high water mark for tobacco around these parts this year and is a figure that is going to be reached very seldom this fall. There were 10,000 pounds of the weed, and it was very uniform throughout. Lincoln county can raise as good or better tobacco than any county in the state if the growers will only take pains with their crops and that what these two gentlemen did who have sold their product at what is going to be a mighty fancy price this year.

## COLLIER'S ON TAFT.

So far as we can remember, Coler's Weekly has been radically vrong on but one great public ques That was its treatment of the Caleb Powers case, when its special correspondent, sent to Kentucky to investigate and write it up, spent nearly all of his time getting the facts from Powers himself in his cell at the Georgetown jail. We were working on a Frankfort paper

at the time, and know the facts. As we said, this has been the only position taken by this great publiation, which we have not fully endorsed. We want to commend no most emphatically what it says about President Taft. Practically all democrats will endorse it, and we know a great many republicans who do too. Listen to what it says in its current issue: Incredible!

"President Taft's indorsement of Boss Cox's ticket is the final horror. To support it at all (on the urgence and assurance of a Cox politician!) was terrible enough, but to support it against so fitting and courageous a candidate as Huntreally, words fail, and we are driven to punctuation and italies.

"What is the President coming to? After such an exhibition can he be even nominated? If there were an election tomorrow, would not Woodrow Wilson carry Ohio against him overwhelmingly? We have been patient with Mr. Taft. The Payne-Aldrich tariff, the Ballinger iniquities, the use of patronage against Insurgents, the wool veto, the retenion of Secretary Wilson and So heitor McCabe, the turning of the Post-Office Department int oa still more rigid political machine, the ruin of our relations with South America--in spite of blow after blow we have clnng to the hope that the President would improve sufficiently to have a general balance of usefulness to his country. For sheer imbecile lack of backbone this last outrage is the worst."

Collier's will rejoice along with all others who stand for decency and etter things, that the good people of Cincinnati completely repudiated Taft and Boss Cox by electing Hunt my a splendid majority.

Right here we want to deny the intimation in Collier's of a week or so ago, that most of the State Central Committees of the interior states are against Woodrow Wilson for the democratic nomination for president. It may be that some of the ardent congressional friends of Speaker Champ Clark will seek to influence their committeemen in favor of the Missouri statesman, but we firmly are of the opinion that Kentucky's Committee, if left to settle the question itself, would be found solidly behind the New Jersey governor.

The tenor of the country press of this state is overwhelmingly for Wilson; the great mass of Kentuckians are for him; and by this we do not mean the democrats alone, for he will undoubtedly draw tremendous strength from the progressive republicans of Kentucky. If we have a presidential primaryand we should have one—you may county Kentucky in the Woodrow Wilson column. But whether a pris mary not, we do not believe there will be a chance to take Kentucky away from him.

The Harrodsburg Herald chroniles the act that on the morning after election J. M. Farnworth, a Mercer county farmer, saw a half-grown chicken catch and eat a mouse. Considering the example set the day before when a small sized game rooster wiped up the earth with the g. o. p. elephant, such an exhibition on the part of the broiler was certainly nothing unusual.
